

With Special Thanks

The renovation of the Bobby Jones Golf Course was made possible by generous donations from foundations, corporations, and many individuals, all of whom have our deepest appreciation. Several of our donors wanted their contributions to honor important friends and family members. Many of these honorees had a personal connection to Mr. Jones or the game of golf, and we are proud to showcase them throughout the lobby. In this panel, we recognize those donors who made contributions of \$25,000+ to the project, as well as the partners who helped us reimagine, design, and build the new Bobby Jones Golf Course.
